

Santech® Announces the award of the U.S. Patent for the design of the Rapid Seal™ A/C Service Kits

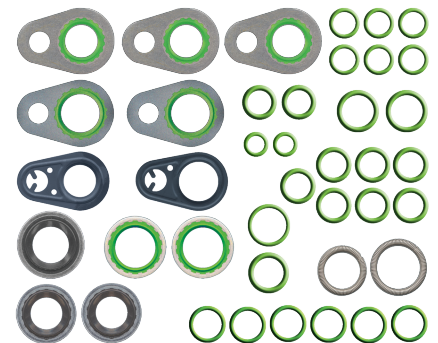

Rapid-Seal™ **A/C Service Kits**

U.S. Patent 7,325,809

Santech Industries has been leading the A/C Aftermarket for over 37 years with unique and innovative products. Santech has invested many years of Research and Development and an undisclosed amount of funding to develop this Product and pursue the Patent. This was an incredible challenge to design kits that are "accurate, specific and cost effective." Santech was the first to undertake the challenge of detail Vehicle research on each A/C System and assemble the information required to develop these kits. The development of the Rapid Seal Kit™ has changed the way Counter Personnel and Technicians source Sealing Media requirements for their A/C repair jobs today. These kits service the entire system's connections including rear A/C vehicles and are cataloged by Make, Model, Year and Engine. They provide a simple solution to a once dreaded task of searching through Box Kits for many small items to do one job. Santech leads the way again with Products that have changed the Market.
